

Link to Us Feature to Increase Backward Links

SearchForecast suggest that clients provide customers and suppliers with the opportunity to place hyper text links and graphical image links on their website which backward link to their website. Clients should include a 'Link to Us' navigational item on either the horizontal menu bar or bottom Footer Tags and any highly trafficked section is the perfect area of the website to advertise the 'Link to Us' campaign.

Link your Web Site To GoDaddy.com Today!

Countless customers have asked for an easy way to link their Web sites to GoDaddy.com. Now they can ... and you can too.

So lend credibility to your business and showcase your partnership with the #1 Overall Best Registrar! Join the others who have put a link to GoDaddy.com on their Web sites. Simply follow the steps below:

1. Select the banner or text that's just right for your site.
2. Copy the HTML text below the banner or text and add to your site.

That's it!
